July 2014 (page 1)

Building Relationships and Reaching the Lost!

During the months of June and July we had the privilege of hosting two groups from the States. Since God has blessed us with a ministry center they were able to stay on property and launch out from here to serve the Lord!

Our local public school opened their doors to the first group. I volunteered them to paint the backside of the cafeteria. Their willingness to serve allowed us

to receive the director's (principal) permission to teach a Bible story to the children. They gave each child a backpack with a few school supplies. More importantly every student and teacher received the Gospel of Jesus Christ!

This group also helped us with an outstanding children's program for the Ngäbe children and built a bathroom in our garage area where we have church services. As a result of their work in our community six people trusted Christ as their Saviour.

July 2014 (page 2)

The second group came during our "winter break". Since all the children were out of school we organized an activity in the park. Over two hundred children and their parents came to the activity. We were blessed with the presence of Lighthouse Children's Home from Tres Rios. The visiting group sang for the children, we had balloon animal's and ventriloquism. Above all a clear presentation of the Gospel was given right there in the park!! During the event three people were saved.

The very next day they did the same activity all over again but for the Ngäbe children. Two mothers who have wanted nothing to do with us attended with the first group and returned for this groups' activity! This past Sunday both ladies came to church!!

Put your hand to the plow! If you would like to plan a missions trip and be a part of what God is doing in Los Santos please feel free to contact us.

Your servant in Costa Rica,
